INTERNATIONAL COMPETITION OF ALOHA MENTAL ARITHMETIC, RUSSIA 2018

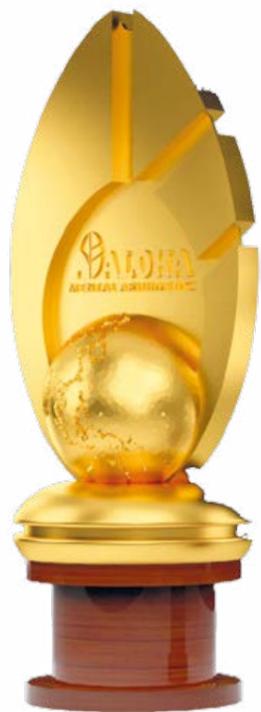

On 22nd July 2018, 16 countries (Bangladesh, China, Croatia, Ecuador, Germany, India, Ireland, Malaysia, Mexico, Panama, Philippines, Portugal, Russia, Spain, Sweden, and Uzbekistan) participated in the competition and celebrated with us the 25th anniversary of ALOHA at Moscow's World Trade Centre (WTC).

We were delighted to have received a congratulation note from the Administration of President Putin. The competition was also supported by the Ministry of Foreign Affairs of Russia, the Ministry of Education of Russia, the Federal Agency for Tourism of Russia. In addition, the event was graced by the presence of Ambassadors and representatives from various embassies, including the Embassy of Bangladesh, the Embassy of Ecuador, the Embassy of Panama, the Embassy of Portugal, the Embassy of the Philippines, and the Embassy of Uzbekistan. In

the host city of the 2018 FIFA World Cup, ALOHA children were also invited to attend a football masterclass with Juventus F.C. Academy Moscow during their stay in Moscow.

Nearly 1,500 parents and 600 children gathered at the Congress Center of the WTC, greeted by ALOHA International and ALOHA Russia team members, and entered the hall decorated with hand-painted wallpaper featuring Moscow scenic skyline. The competition was followed by a press conference attended by ALOHA delegates from participating countries as well as ALOHA students from three ALOHA generations.

We will continue to, quoting Mr. Loh's keynote speech, "do the best for our children" in the coming years. We look forward to seeing you again next year!

*After the International Competition our several children from different countries were interviewed in different local and national media. This document is elaborated with the aim of publicizing the recognition and success that our **ALOHA** children have had worldwide.*

BANGLADESH

Sharif Adibur Rahman An Arithmetic Champion

Youth Desk

Sharif Adibur Rahman, an eighth grader of European Standard School, became the Grand Champion at the Aloha Mental Arithmetic International Competition 2018, held at the World Trade Center in Moscow on July 22.

He was also the first runner-up at the International Arithmetic Competition in 2015, 2016 and 2017, held in Manila, Yogyakarta, and Kualalumpur respectively. Every year nearly 50,000 students from 35 countries including Bangladesh, India, Indonesia, Malaysia, China, Philippines, Australia, United State of America, United Kingdom, Canada, Spain, Germany, Portugal, Croatia,

Niños ecuatorianos se destacan en concurso de cálculo mental organizado en Moscú

Moscú, 29 de julio de 2018

La delegación ecuatoriana tuvo una brillante participación, fruto del tiempo dedicado al entrenamiento del cálculo mental, obteniendo 15 trofeos, siendo el más destacado el obtenido por la niña Doménica Baculima, de 6 años, como súper campeona en su categoría.

La competencia de cálculo aritmético mental 'Competencia Internacional Aloha Mental Arithmetic', se realizó en las instalaciones del World Trade Centre de la ciudad de Moscú y contó con la participación de 600 niños y jóvenes de entre 6 años y 12 años de aproximadamente 35 países.

La embajada del Ecuador en Rusia acompañó a la delegación participante conformada por 15 niños y niñas y estuvo asistida por la delegada de la empresa Aloha Mental Arithmetic en el Ecuador, Diana Artunduaga.

En el evento se realizó que el programa, que consiste en la enseñanza del método del ábaco computacional, está cumpliendo 25 años desde su creación en Malasia, por Loh Mun Sung. Actualmente cerca de siete mil niños y jóvenes del Ecuador están aprendiéndolo.

Magic kids
From Page 01 students and the entire team of Aloha, Nath said, "Tripura is the place of talents. And, this particular achievement of the six Aloha students is exceptional in all sense. But, this is very fortunate that there was no proper initiative to encourage talents of state in last many years. Now, the state government is keen to find out and motivate the talented children in various fields."
"As many as 19 students from India including six from Tripura participated in the International-Level Aloha Mental Arithmetic Competition- 2018. Altogether 532 students from across 17 countries joined the competition this year.
After Malaysia, it was second international term for Aloha's Tripura Centre." Ranabir Roy, Managing Director of Aloha's Tripura Centre, told the Tripura Times. He said around 1000 students are studying in 19 centres of Aloha across the state.
He also thanked Satavisha Dey Roy, Joint Director and Master Trainer of Aloha Tripura, Dulal Goswami, Centre Director and Teacher, Debitsmita Chakraborty, Course Instructor, Pushpita Deb, Course Instructor, and Bindia Goswami, Course Instructor, for their relentless efforts in achieving this success. Besides, he also expressed gratitude to the parents of six achievers.

Magic kids from Tripura stun the world
Times News
Agartala, July 26: They are six of them, kids and girls. And they are from Tripura and they, stunned the world. Unbelievable? Yes, but true.
Six small children from Tripura, as it really happened, stunned the entire world by solving 70 mental arithmetic sums in just five minutes.
The six students of Aloha- as if blessed with magic powers- represented India in the International-Level Aloha Mental Arithmetic Competition- 2018 in Moscow, Russia and succeeded to achieve the success extraordinarily.
The outstanding performance of the six students- Sonmraj Deb (Class-IV, Maranatha English Medium School), Aravinda Deb (Class- IV, Anandamang School), Anurag Das Barman (Class-IV, St. Aravinda Higher Secondary School of Anubow), Dwija Das (St. Sri Sati Shankar Vidyanandara, Ritvik Meena and Pranjal Meena (both Ex students of Holy Cross School-Tripura now admitted in DPS, Ahmedabad) is being appreciated across the globe.
In the competition, Anurag was announced as Grand Champion in level 1 while Dwija and Aravinda were declared champion in level-2 and level-1 respectively. Besides, Sonmraj Deb, Pranjal and Ritvik were announced as 1st Runner Up in the level-3, 7 and 5 respectively.
The achievers, who participated in the competition in World Trade Centre, Moscow on July 22 last, have returned home today. Anurag amongst them was felicitated by the Education Minister Ratanlal Nath at his chamber this afternoon. While congratulating the six

На б/н от 12.07.2018

Уважаемая Жанна Сергеевна!

Управление Президента Российской Федерации по научно-образовательной политике рассмотрело Ваше обращение и сообщает.

В Российской Федерации уделяется значительное внимание вопросам развития математического образования. В соответствии с Указом Президента Российской Федерации от 7 мая 2012 г. № 599 "О мерах по реализации государственной политики в области образования и науки" разработана и утверждена Концепция развития математического образования в Российской Федерации (распоряжение Правительства Российской Федерации от 24 декабря 2013 г. № 2506-р).

Согласно Концепции система учебных программ математического образования в начальном общем образовании при участии семьи должна обеспечить широкий спектр математической активности (занятий) обучающихся как на уроках, так и во внеурочной деятельности (прежде всего решение логических и арифметических задач, построение алгоритмов в визуальной и игровой среде), материальные, информационные и кадровые условия для развития обучающихся средствами математики. При получении основного общего и среднего общего образования должна быть обеспечена возможность достижения высокого уровня подготовки путем развития системы специализированных общеобразовательных организаций и специализированных классов, системы дополнительного образования детей в области математики, системы математических соревнований (олимпиад и др.).

О рассмотрении обращения

Уважаемая Жанна Сергеевна!

Департамент государственной политики в сфере воспитания детей и молодежи Минобрнауки России (далее – Департамент) рассмотрел Ваше обращение по вопросу об оказании поддержки Международному чемпионату по ментальной арифметике (далее – чемпионат) и в части своей компетенции сообщает.

В соответствии с Федеральным законом от 5 апреля 2013 г. № 44-ФЗ «О контрактной системе в сфере закупок товаров, работ, услуг для обеспечения государственных и муниципальных нужд» Минобрнауки России как главный распорядитель бюджетных средств может оказывать организационную и финансовую поддержку проектам только на конкурсной основе в рамках реализации государственных программ, по которым Министерство определено государственным заказчиком.

Иные действия вступают в противоречие с антикоррупционным законодательством, в частности, с Федеральным законом от 26 июля 2006 г. № 135-ФЗ «О защите конкуренции».

Вместе с тем, Департамент выражает готовность оказать информационную поддержку, направив информацию о чемпионате в органы управления образованием субъектов Российской Федерации.

Контактное лицо в Департаменте: Артабаева Руфина Борисовна, тел.: 8 (499) 681-03-87, доб. 4911, адрес электронной почты artabaeva-rb@mon.gov.ru.

Заместитель директора департамента

Официальному представителю
«Alohama International SND.BHD»

Ж.С.ХЕГАЙ

Уважаемая Жанна Сергеевна,

От имени Россотрудничества МИД России выражаем признательность за Вашу инициативу провести Международный чемпионат по ментальной арифметике 22 июля с.г. в Москве. Мероприятие с участием школьников зарубежья способно подчеркнуть в очередной раз возможности столицы по организации крупных культурно-массовых мероприятий международного значения и гостеприимность российской культурной среды.

В тоже время, поддерживаем инициативу по проведению этого и иных Ваших международных проектов, направленных на повышение значимости детско-молодежных международных контактов под эгидой МИД России, и готовность Центра Международной Торговли оказать оперативную поддержку в обеспечении площадки для более 700 иностранных участников предстоящего чемпионата. Имеем в виду наше дальнейшее взаимодействие.

Заместитель руководителя

М.Д. Брюханов
